What's New

- Generally, registrants are required to notify the IRS if any information submitted with an application changes. If a current registrant has a change in ownership (generally more than 50% ownership change, as modified by section 11164 of SAFETEA), the registrant must re-register with the IRS. See *Changes in Registration* below.

New Activity Letters

- Effective January 1, 2006, activity letter **CC** is used by a credit card issuer that issues a credit card for sales of taxable fuel to a state or local government for its exclusive use or for sales of gasoline to a nonprofit educational organization for its exclusive use. Credit card issuers must be registered by the IRS to claim a credit or payment.

Registration Using Existing Activity Letters

- Producers and importers of renewable diesel use activity letter **NB** to register.
- Each person claiming a credit or payment for a diesel-water fuel emulsion must be registered using activity letter **M**. Current M registrants do not have to re-register unless notified by the IRS.
- Each person removing or selling a diesel-water fuel emulsion at the reduced rate must be registered using activity letter **S**. Current S registrants do not have to re-register unless notified by the IRS.
- Ultimate vendors of kerosene for use in aviation must register using activity letter **UA**. Current UA registrants will be treated as registered for purposes of claims for kerosene for use in aviation.
- Operators of certain deep-draft vessels must register with the IRS, using activity letter **X**, unless the operator uses the vessel exclusively for the entry of taxable fuel.
- Fishing rods and fishing poles are included with activity letters **A**, **B**, **D**, and **F**. Current A, B, D, and F registrants do not have to re-register unless notified by the IRS.

Deleted Activity Letters

- Activity letter **AK** for buyers of aviation-grade kerosene at the full rate (.219) in connection with a removal from a terminal (other than a removal directly into the fuel tank of an aircraft), effective October 1, 2005.

Penalty

The penalty for failure to register if you are required to register, unless due to reasonable cause, is \$10,000 for the initial failure, and then \$1,000 each day thereafter that you fail to register.

How To Apply

Complete Form 637 and submit it with the required additional information described on the chart on pages 3–4. You may use additional sheets for your explanations. Be sure to write your name and EIN on each sheet you attach. You must send all of the required information or the processing of your application will be delayed. The IRS will ask you for additional information if needed, or you may provide additional information at any time.

The application must be reviewed and approved before you are registered for any activity. The review may include inspection of your premises during normal business hours without advance notice. If your application is approved, the IRS will issue a Letter of Registration. The letter will include the activities you are registered for, the effective date of the registration, and your registration number. A copy of Form 637 is not a Letter of Registration. If your application is denied, you will be notified in writing by the IRS that the application has been denied and the reason for the denial.

Enter your EIN. If you do not have an EIN, you may apply for one online. Go to the IRS website at www.irs.gov/businesses/small and click on the "Employer ID Numbers (EINs)" link. Changes in Registration

If an IRS office has issued you a Certificate of Registry or a Letter of Registration that is still in effect for an activity, you are not required to reapply for registration for that activity unless notified to do so. However, see *Reregistration for Fuel Activities* below. To apply for another activity or to cancel a registration, you must contact the IRS office in which you are registered. You do not have to cancel a registration listed in *What's New* under *Deleted Activity Letters*.

Notify the IRS office within 10 days if any information submitted with an application changes. This includes, but is not limited to, address changes or changes in business activities. A registrant may not sell, lease, or otherwise allow another person to use its registration.

Reregistration for fuel activities. You must reregister with the IRS if there is a change of more than 50% of the ownership of a registrant and you are registered for activity letters **K**, **M**, **S**, **W**, **Y**, **AB**, **AF**, or **NB**. In this instance, a

change in ownership means that after a transaction (or series of transactions), more than 50% change of the ownership interests in, or assets of, a registrant are held by persons other than persons who held more than 50% of such interests or assets before the transaction (or series of transactions). Reregistration does not apply to companies whose stock is regularly traded on an established securities market. If you fail to reregister as required, see *Penalty* on page 5.

To reregister, send a newly completed Form 637 to the address under *Where To Apply* on page 5. On line 1d, enter your current registration number. The IRS will revoke the current registration number and issue a new registration to the new ownership (registrant).

The Taxpayer Advocate independently represents the entity's interests and concerns within the IRS by protecting its rights and resolving problems that have not been fixed through normal channels.

The entity can contact a Taxpayer Advocate by calling 1-877-777-4778 (toll free). Persons who have access to TTY/TDD equipment may call 1-800-829-4059 and ask for Taxpayer Advocate assistance. Privacy Act and Paperwork Reduction Act Notice. We ask for the information on Form 637 to carry out the Internal Revenue laws of the United States. We need it to figure and collect the right amount of tax. Subtitle D of the Internal Revenue Code, Miscellaneous Excise Taxes, imposes certain excise taxes. The information submitted is used to determine if the applicant qualifies for registration.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law.

Generally, tax returns and return information are confidential, as required by section 6103. However, section 6103 allows or requires the Internal Revenue Service to disclose or give the information shown on your tax return to others described in the Code. For example, we may disclose your tax information to the Department of Justice for civil and criminal litigation, and to cities, states, and the District of Columbia for use in administering their tax laws. We may also disclose this information to other countries under a tax treaty, or to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.
