

TGT/Dynetek High Capacity Light-Weight CNG Trailer

Tulsa Gas Technologies Inc. and Dynetek Industries Ltd. have teamed up to develop a High Capacity Lightweight CNG Trailer. This trailer has been specially designed for gas utilities, with a means of temporary gas supply. With a GVW of less than 10,000 lbs, this trailer is like a "mini-tube-trailer", which is easily to deploy in the event of pipeline interruptions. It can also be used to deliver natural gas as a temporary fuel supply for special events or new construction.

Specifications:

Length: 23'
Width: 8.4'
Overall height: 78.5"
Height from ground to hitch attachment: 16.2" (adjustable)
Hitch Type: 2 5/16" Ball Hitch or 3" Lunette Eye Hitch
Rated Trailer Capacity: 10,000 lbs
Full 12 Cylinder Trailer weight: 9260 lbs
Empty Weight: 7935 lbs
Tongue Weight: 750-1000 lbs

Dynetek[®]
www.dynetek.com

- Temporary supply of natural gas to your customers
